PROFESSIONAL SUMMARY

Recent Software Engineering graduate with First-Class Honors and a GPA of 3.60, with approximately 1 year of hands-on experience building business web applications at GreenHub. Worked across frontend, backend, databases, integrations, and deployment within a small-company environment, collaborating on real-world systems and practical software solutions for business workflows and internal operational tools.

WORK EXPERIENCE

Full-Stack Developer (Internship → Contract → Full-Time)

May 2025 - May 2026

GreenHub Co., Ltd., Chonburi, Thailand

- **Business System MVP:** Continued development of an internal business system across frontend, backend, data handling, bug fixing, testing support, and handover documentation within an evolving codebase.
- **CRM Chat Aggregator (Facebook Integration):** Engineered a Facebook Page communication module for a CRM/chat platform using NestJS and Meta Graph API. Seamlessly integrated webhook events into the existing WebSocket architecture to support real-time customer interactions.
- **Dynamic Business Page Platform (LINE LIFF):** Rebuilt client-specific LINE LIFF pages into a more maintainable CMS-driven platform using Nuxt.js, Strapi, and Supabase.
- **Faculty Room Booking System:** Developed a full-stack platform (Next.js, NestJS, PostgreSQL) to replace legacy Google Forms, streamlining room reservation workflows and reducing booking conflicts.
- **Automated Email Archiving System:** Developed a rule-based email archiving platform using Next.js, NestJS, and Google Workspace APIs to automate email filtering and attachment archiving.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, SQL, HTML, CSS, Python

Frameworks: Vue.js, Nuxt.js, React, Next.js, NestJS, Express.js, Tailwind CSS

Databases & Data Tools: PostgreSQL, MySQL, MongoDB, Redis, Supabase, Strapi, Prisma, TypeORM

Tools & Platforms: Docker, Git, Postman, Linux, Vercel, Railway, Cloudflare R2

Core Concepts: System Analysis, Database Design, REST API Development, API Integration, Agile Collaboration

EDUCATION

B.Sc. in Software Engineering

Burapha University, Chonburi, Thailand | 2022 – 2026

GPA: 3.60 / First-Class Honors
